Slatwall

Effective 1/3/2007

Slatwall provides an extensive display capacity within small or limited spaces.

Panels come standard as 2400 x 1200mm but can be cut and routed to any desired dimension.

Slatwall is durable and attractive with a strong load-bearing capacity provided by patented aluminium or PVC inserts.

Slatwall

Effective 1/3/2007

Slatwall offers a vast accessory range and is ideal for wall and floor merchandising.

It can be incorporated into other display forms such as gondolas, column surrounds and island shelf units.

Panels are available in an economical paint-ready form or select from laminates, timber veneers and mirror finishes.
